A Message From Daria: I have 5 years of full-time tutoring experience in London. I have previously tutored English, Maths and Science in Primary schools around London, on a one-to-one basis and in small groups. In my school work, I have tutored SEN students and helped students who have fallen behind to prepare for the SATs. During the holidays I tutor 11+ Maths, Comprehension and creative writing courses. These are week long courses, taught to small groups of students who are preparing for 11+ exams.

Specialty Subjects

ENGLISH	PRIMARY, LOWER SECONDARY
MATHS	PRIMARY, LOWER SECONDARY
SCIENCE	PRIMARY, LOWER SECONDARY
EFL	BEGINNER, INTERMEDIATE, ADVANCED
DRAMA	GCSE, A-LEVEL, IMPROVEMENT

Recommendations

“Daria helped my daughter through her 11+/school entrance exams, and her contribution was invaluable in getting into our first choice of school. She helped her with both English and Maths with such a patient and clear manner that even after her exams had finished my daughter requested to continue to have Daria until the end of the year, I couldn’t recommend her more. She is now tutoring my middle daughter in preparation for her impending entrance exams.”

- Mother of two 11+ students

“Daria was an excellent tutor. She was extremely well informed on examination requirements and quickly ascertained the areas in which my son needed practice. She was able to explain complicated issues clearly and simply and taught both exam content and exam strategies very effectively. She was always professional, punctual and reliable. Most importantly, as well as her evident intellectual expertise as a teacher, she was always unfailing very kind and supportive to my son. She gave him confidence and he looked forward to the lessons. He was successful in gaining a place at the Latymer School.”

- Mother of 11+ student

“We are very happy with Daria, and Mariam’s exam skills improved a lot. I had a parents’ meeting last week with her teacher and her headmaster. They are amazed with her progress she has made all thanks to Daria.”
